33. What is the average salary per hour for part-time program personnel based on student contact hours?
If adjunct or part-time personnel are paid on a per credit basis, to calculate the salary per hour divide the salary by the student contact hours to get the salary per hour. i.e. If a person is paid 900/credit and they are teaching a 2 credit lecture course that meets 2 hours a week for a 15 week semester then the pay per hour would be $60/hour; however, if the person taught 1 hour lecture and a two hour laboratory (2 hours of lab are one credit) then the pay rate would be $40/hour for the 15 week semester.
